

THE LODGE - CANNOCK CHASE -

5 Star Rating for Growing Business in Cannock

Both Lee and Marie enjoyed high profile corporate careers, and a change in direction for both resulted in them deciding to maximise their best asset – a spacious family home which has been revamped into a luxurious and well-appointed bed and breakfast.

They accessed the **Enterprise for Success** programme to see what business advice was available to help them grow their business. In particular, they were looking at ways they could attract more custom to ensure a wider mix of both social and commercial business.

The business minded pair were allocated a dedicated business advisor who reviewed their business and marketing strategy and started to make suggestions on how they could implement new strategies for attracting new business.

The pair also attended one of the programme's flagship Masterclass sessions, "Monkey Marketing" which provided insights and practical support to help them implement a new way of thinking when they got back to their business.

In recent weeks, the Lodge has been awarded a five-star food hygiene rating, something they are very proud of as a new business.
